

## 3<sup>RD</sup> Grade Math I Can Statements

- I can find the answer to multiplication problems by using grouping, arrays, repeated addition, and number lines. (3.OA 1, 3)
- I can use patterns and properties to solve multiplication and addition problems. (3.OA 5, 9; 3.NBT 3)
- I can identify the numerator and denominator with fractions as part of a whole or part of a group. (3.NF 1)
- I can find a fraction on a number line and the distance between an equally divided line. (3.NF 2)
- I can compare fractions and find and explain equivalent fractions. (3.NF 3)
- I can measure and estimate volumes and masses of objects. I can measure lengths to the nearest  $\frac{1}{4}$  inch. I can solve word problems involving measurements. (3.MD 2, 4)
- I can draw a picture graph, bar graph, and line plot. I can answer questions using graphs. (3.MD 3, 4)
- I can identify the digit, place, and value of a number. (3.NBT)
- I can add and subtract 2- and 3-digit numbers. (3.NBT 2)
- I can round numbers to the nearest 10 and 100. (3.NBT 1)
- I can find the answer to a division problem by using grouping, sharing, repeated subtraction, and number lines. (3.OA 2)
- I can solve multiplication and division word problems. (3.OA 3)
- I can find the missing number in equations that involve addition, subtraction, multiplication, and/or division. (3.OA 4, 6, 8)
- I can identify and describe quadrilaterals. (3.G1)
- I can tell time and measure time intervals to the nearest minute. I can use a number line to solve word problems. (3.MD 1)
- I can find perimeters of plane figures or find a missing length. (3.MD 8)
- I can use many ways to find the area of a plane figure. I can find the fraction of the area of shapes divided into equal parts. (3.MD 5, 6, 7; 3.G2)
- I can memorize multiplication facts up to  $10 \times 10$ . (3.OA 7)
- I can memorize division facts up to  $100 \div 10$  (3.OA 7)
